CUBAN MINI CIGARS

Cigars made using carefully selected, 100% Cuban tobacco, offering the smoker all of the flavour and aroma of the world's best tobacco. Due to their reduced size, the cigars are ideal for smokers who want to try Cuban tobacco for the first time, and also for consumers of large cigars who require a more comfortable, briefer smoke, though just as intense and pleasant.

COHIBA WHITE

– A new blend created for the premium smokers looking for a milder blend.

Cohiba White has a significant milder blend. The new blend development has been a hard research process conducted by the most experienced Cuban master blenders.
